

## Errata Page – Corrections & Refinements revised 9-10-19 for the TDCJ Deep State Report—Case of the Collared Fox, 2nd Edition<sup>1</sup>

Here are some corrections and refinements made to the online version of the 2nd Edition, retaining the page and footnote enumerations. The 2nd Edition of the *TDCJ Deep State Report—Case of the Collared Fox* was a greatly refined and expanded version of the first. Speed was a great concern in first, and was still important to do a follow up six months later. It was no easy task to condense to a mere 200 pages the last seven years of work from 100s of documents and over 1,000 pages, with several references going back 20 years. The substantial changes and refinements—like “Mr. Clean’s finest hour”— will be noted below, as it is too expensive to reprint all. About 50 copies have already been sent.

**Repetition**—I repeat a few lines to inculcate, for I figured most will not be read this straight through. The most grievous offenses are repeated to highlight another light of the violation, like the unsupervised life-sentenced murderers’ computers and encrypted data that Upshaw *cleaned* and the violators he *cleared*. That is the worst, and impacts many issues of policy, Texas values, and standard prison operations *worldwide*. In many ways, this condensed several longer works. Several chapters can be read quite independently. Those who do read straight through may find that repetition tedious; it was a risk.

**Disciplinary**—I point out several times throughout a clear, documented, often serious violation that could be or should have been initiated. Like the bringing in of contraband for *years* at the Polunsky chapel and Michael Upshaw’s *cleaning* of that contraband. This is repeated, because a disciplinary was *contrived* for a photo I had written permission to take, a falsified disciplinary for something *minor*. This document proves gross favoritism to *many*, for when disciplinarys are weaponized and one’s favorite violating chickadees are exempted—that, my friends is part of the reason for staff attrition. How many other innocents were treated like me? There are many. How many others were exempted from DANGEROUS violations, like dopey Chaplain David Collier and Mr. Clean Michael Upshaw?

Several minor verbs, articles, prepositions were corrected or adjusted (is, was; a, the; in, of; etc.).

We made **bold** or **ALL CAPS BOLD** perhaps another dozen words or phrases, and removed a few.

- page counting whole and partial ¶s from top down, sentences with partial original words followed by additions

- 45 ¶4, in one form or another to
- 46 ¶6, Addendum 5

- 54 ¶2, Time for a RPD forensic audit—oh, never heard of it?—part of the problem.
- 55 ¶2, over a *year* to get the OIG investigation documents!  
¶5, Bruce Toney’s shame and Cris Love’ resignation  
¶bottom, a DVD and two CDs with videos
- 56 ¶5, Michael Upshaw, Mr. Clean’s finest hour  
¶6, Why were murderers’ unsupervised encrypted computers not a concern?
- 57 ¶1, even censure—clearly—and to stop him from writing books. Read the  
¶1, Polunsky Twilight Zone fiasco  
¶3, And if as top Chaplain, Jones now spreads the Polunsky-like Twilight Zone  
¶3, Mr. Clean’s finest hour, the only one who wrote *nothing*, but guiltiest of all.
- 59 ¶6, ~~Some are getting this without the last chapter on Reparation.~~  
¶8, on my record for writing exposures that OIG does not investigate
- 61 ¶1, absolutely and totally insane—a Divine Comedy—that after obtaining written permission that I should *ever again* have to ask permission for every sharing or publication for all eternity.  
¶5, Perhaps someone can then determine the real role Bruce Toney and Cris Love had in the Polunsky cover up  
¶7, clean contraband, exempt violators,
- 63 ¶8, *cleaning* of Polunsky and returning much so ... murderers could *continue*
- 64 ¶1, lowest qualified top Chaplain in TDCJ’s history, again we scream *without even a non-accredited degree* in a profession expecting a masters.
- 65 ¶1, sending Cris Love on his way.  
¶11, ~~a reparation is agreed, and~~ – Not going to shut up about that until chaplaincy is safe, and possibly some of my honor restored.
- 66 ¶3, Addendum 7a-c  
¶6, Upshaw, Alford, Chaplain Collier, Regional Chaplain Vance Drum, and Timothy Jones are all promoted  
¶11, or incorporate your silence.

- 67 ¶3, OIG says NOTHING in their official report about the unsupervised USE of illegitimate CONTRABAND for six years by murders.  
¶7, Upshaw—the Contraband Cleaner—Mr. Clean’s Finest Hour  
¶10, see Michael Upshaw and Marvin Dunbar for the treasonous chickens they are
- 68 ¶9, Where is William Overton to redact? ... But if one documents exposures *outside* of Deep State concurrence, he receives contrived disciplinaries—**me!**
- 69 ¶2, But Dunbar fully supported Super Chicken Michael Upshaw’s contraband cleaning, for that *cleaned* Dunbar too.  
¶3, another nail in Dunbar’s chicken-hearted credibility  
¶5, **What was on the CD?**
- 70 ¶1, Contraband Cleaned by slug Upshaw
- 71 ¶1, soon all are promoted, including Upshaw and Alford.  
¶3, Good bye Bruce Toney and Cris Love—*Book of Secrets*, as I said in the closing of the terribly hard-wrought and painful 700-pages, Polunsky could have been OIG’s Finest Hour  
¶5, YEARS-making contraband-laden Computer Control Room in the dark to this day.  
¶6, (Addendum 2.b).
- 72 ¶7, then took Bruce Toney and Cris Love for the old Texas Two-Step  
¶7, unaware of that to this day. Mr. Clean’s finest hour—I’m telling you.
- 73 ¶8, Services. Compare the applications and see Addendum 16 for much more.
- 75 ¶2, Several critical questions must be hammered and broadcasted
- 77 ¶4, DATA—none of it has been used to *help* Chaplaincy or Chaplains. In light of this book and Addendum 16 on Dunbar’s role causing Hinojosa to **LIE** on PERS 284, remember Dunbar caused the RPD to hire the NEW Dep. Dir. of Religious Services with the *least* work possible! No interviews. No one could do LESS work in hiring, and that revealed to all the true value of Chaplaincy to RPD. One could easier teach a quadriplegic how to ride a bicycle than teach Dunbar the *real* value of Chaplaincy and religion; his actions say he hate it.
- 79 ¶2, Religion—the Greatest Source for Change and Solace in Human History  
¶7, certainly to *spite* the similar data she refused but which was sent in 2011 to Austin during the terrible Killing Field where we *had to fight* to save Chaplaincy.
- 81 ¶5, —except one. It was because he was a BLACK sycophant of Ortiz.
- 83 ¶2, **Full circle Deep State.** And then Chaplain Timothy Jones is clueless at Polunsky, soon to be the newly minted Dep. Dir. of Religious Services, to keep all this quiet.
- 85 ¶7, It is what they do and have done **for WHO?** Bryan Collier? Oh, who knows who?
- 87 ¶12, What did OIG ~~not~~ investigate? *Not a THING!*  
¶14, see E.1.
- 88 ¶4, Krakatoa. I will be trying to get a publishing deal or ~~not be considering reparation after this sells, or after a publishing deal is made with others. Or after~~ a Class Action law firm signed. Who knows?  
¶8, **Dale Wainright!**—~~if no deal is made, in six months~~ I would like to interview you
- 89 ¶4, ~~Not until after Krakatoa!~~ But most is in the *Book of Secrets—Case of the Enchanting Chaplain*.
- 92 ¶6, ~~redeemed, a reparation commensurate to the work,~~ and my reputation
- 93 ¶3, Regardless, I am now 63,
- 94 ¶2, I am now 63, a proto-diabetic managing
- 95 ¶1, **official Unit Passes**—like international Visas in TDCJ—allowing a prisoner to go just about anywhere, and all the time Chaplain Timothy Jones was there.
- 96 ¶14, as I pray you are—see you’ve been lied to for so long, that should hurt you all a lot.... Seeing that will benefit TDCJ.

**TDCJ Deep State operatives** weaponize disciplinaries, clean contraband, clear favorite violators, use racist hiring practices, hire the lowest qualified applicants *many* times during the last 20 years. Most perturbing—wardens *knowingly allowed* life-sentenced murderers to violate serious security policies in Polunsky's Twilight Zone Chapel for **years**. Violations continued for years after the fiasco's first exposure in 2012, some even thru 2019. OIG absent.
