MISSION

The mission of the Chaplaincy Department of the Texas Department of Criminal Justice (TDCJ) is to positively impact public safety and the reduction of recidivism through the rehabilitation and re-integration of adult felons into society. This is accomplished by the availability of comprehensive pastoral care, by the management of quality programming, and through the promotion of therapeutic religious community activities. It is the purpose of Chaplaincy to provide guidance and nurture to those searching for meaning in life and to those offenders who are in transition. Programs, activities and community participation are prudently managed wherein individuals have an opportunity to pursue religious beliefs, reconcile relationships and strengthen the nuclear family.

AUTHORITY

Administrative Directive: AD 07.30 (rev. 6)

Chaplaincy services shall be provided within TDCJ operated units or contracted facilities in order to serve offenders who desire to practice elements of their religion. It is the policy of TDCJ to extend to offenders of all faiths, reasonable and equitable opportunities to pursue religious beliefs and participate in religious activities and programs that do not endanger the safe, secure and orderly operation of the Agency. Participation in all religious activities and attendance at religious services of worship is strictly voluntary. No employee, contractor or volunteer shall disparage the religious beliefs of any offender or compel any offender to make a change of religious preference. Chaplaincy services shall strive to assist offenders who desire to incorporate religious beliefs and practices into a process for positive change in personal behaviors by offering meaningful, rehabilitative religious programming as an important tool for successful reintegration into society.

MISSION

The mission of the Chaplaincy Department of the Texas Department of Criminal Justice (TDCJ) is to positively impact public safety and the reduction of recidivism through the rehabilitation and re-integration of adult felons into society. This is accomplished by the availability of comprehensive pastoral care, by the management of quality programming, and through the promotion of therapeutic religious community activities. Participation in all religious activities and attendance at religious services of worship is strictly voluntary. No employee, contractor or volunteer shall disparage the religious beliefs of any offender or compel any offender to make a change of religious preference. Chaplaincy services shall strive to assist offenders who desire to incorporate religious beliefs and practices into a process for positive change in personal behaviors by offering meaningful, rehabilitative religious programming as an important tool for successful reintegration into society.

SUPPLEMENTAL INFORMATION

The Chaplaincy Department of the Rehabilitation and Reentry Programs Division is committed to promoting an atmosphere, which allows those desiring spiritual wholeness, the necessary conditions for experiencing such. Emphasis is placed on the promotion and encouragement of family ties as well as other positive relationships, which will assist in the reintegration of offenders into society. Through the provision of religious services, one-on-one ministry, counseling and encouragement, offenders are given the capability of coping with the pressures, pain and consequently the reality of daily living. Chaplaincy, at the unit level, is dependent upon offender population and is staffed accordingly. Accommodations for unit Chaplaincy needs are based on such factors as population size and faith orientation. Unit programming is dependent on space and time allotment.

MISSION

The mission of the Chaplaincy Department of the Texas Department of Criminal Justice (TDCJ) is to positively impact public safety and the reduction of recidivism through the rehabilitation and re-integration of adult felons into society. This is accomplished by the availability of comprehensive pastoral care, by the management of quality programming, and through the promotion of therapeutic religious community activities. It is the purpose of Chaplaincy to provide guidance and nurture to those searching for meaning in life and to those offenders who are in transition. Programs, activities and community participation are prudently managed wherein individuals have an opportunity to pursue religious beliefs, reconcile relationships and strengthen the nuclear family.

AUTHORITY

Administrative Directive: AD 07.30 (rev. 6)

Chaplaincy services shall be provided within TDCJ operated units or contracted facilities in order to serve offenders who desire to practice elements of their religion. It is the policy of TDCJ to extend to offenders of all faiths, reasonable and equitable opportunities to pursue religious beliefs and participate in religious activities and programs that do not endanger the safe, secure and orderly operation of the Agency. Participation in all religious activities and attendance at religious services of worship is strictly voluntary. No employee, contractor or volunteer shall disparage the religious beliefs of any offender or compel any offender to make a change of religious preference. Chaplaincy services shall strive to assist offenders who desire to incorporate religious beliefs and practices into a process for positive change in personal behaviors by offering meaningful, rehabilitative religious programming as an important tool for successful reintegration into society.

CIRC –Update for May 2010

Eastham / Lovelady

A meeting was held on 4-6-10 with Dr. Paul Carlin, Marvin Dunbar, CIRC Chairman, Janice Ulmer, CIRC Coordinator and Warden Sizemore at the Eastham Unit. The discussion included the steps required to move forward with the gym conversion/renovation project to a multipurpose building. Dr. Carlin was provided with two options: 1) to fill out individual donation forms for all the materials that were to be donated for the project for TBCJ approval; or 2) sign a legal agreement for the whole renovation project and fill out a donation form for the whole project upon the project completion to be submitted to the TBCJ for approval. Dr. Carlin stated he would sign the legal agreement. The legal agreement was processed and sent to Dr. Carlin on April 7, 2010. Bryan Collier's office attempted to schedule a meeting with Mr. Carlin to discuss the issues he had with the agreement. On May 18, 2010, Mr. Carlin sent an e-mail stating he was advised not to sign the legal agreement with TDCJ and has again withdrawn from the project. A new donor group is now interested in this project (Woodlands Group). They also have issues with the legal agreement. CIRC Coordinator notified Chaplain Drum to schedule a meeting so these issues may be resolved and the project may move forward. Security Operations brought up security issues with the location of the gym/multipurpose building reference to volunteers getting to the building safely.

Jordan / Pampa

The legal agreement has been signed and returned by the donor group to the CIRC Coordinator. On May 14, 2010, it was delivered to Mr. McGinty's (Chief Financial Officer) desk for final signature. A signature has been obtained on May 24, 2010. A copy of the NTP was faxed to the Jordan Unit where a pre-construction meeting was held. The original will be mailed May 25, 2010. The groundbreaking ceremony is scheduled for June 8, 2010. When the legal agreement is received from Office of Attorney General, a copy will be mailed to the donor group. Accounting and Business Services reminded us of the Groundbreaking form they require for this project. The CIRC Coordinator will take the form to the groundbreaking on June 8 and get the required signatures.

Lychner / Humble

The donor group, New Life Chapel, is actively pursuing funding for this project. They have printed 2,000 brochures which are being circulated to the public.

Robertson / Abilene

An e-mail was sent to Chaplain Adkins. No response. No update

Rudd Unit / Brownfield

An email was received on April 14, 2010 noting that a pre-bid meeting was scheduled for May 13, 2010 and the bid opening was scheduled for June 3, 2010. There were 9 contractors at the pre bid meeting. They state the fundraising is going great and they have \$120,000 so far and several interested donors are waiting for a total on funds needed for the project.

San Saba / San Saba

The donor group is named "San Saba Prison Chapel, Inc" which will oversee the fund raising and construction of the multi-purpose building. Project architect Fred Worley is working on the preliminary drawings. The donor group plans to make a trip to the Hughes Unit to view their chapel. Fund raising is at the beginning stage.

Torres Unit / Hondo

Preliminary Plans were submitted to Tom Stafford, Facilities Division for reviewed and he sent his approval on May 17, 2010. An issue concerning the soil on the Torres Unit was brought to the committee's attention. The unit is located on an old military firing range and the possibility of lead in the soil. Erik Brown, OGC, will investigate TDCJ's responsibility in notifying the Donor Group of possible soil issues prior to any phase of construction. A solution was to put in the legal agreement that any soil being removed for construction purpose is to remain on Torres State Property.

Woodman / Gatesville

Per Frank Graham, Chapel of Hope is not actively pursuing funding for Woodman at this time. The last estimate on the cost of the Woodman Chapel is \$750,000 and he does not believe that amount of money can be raised in this economy.

**In Frank Graham's email concerning Woodman, he stated an interest in building a classroom in an old E&R room in the main building next to the Faith-based Dorms on the Wynne Unit. The CIRC Coordinator will look into coordinating a meeting with Warden Pittman, CIRC Chairman and any other CIRC members needing to meet with Mr. Graham.

SUPPLEMENTAL INFORMATION

The Chaplaincy Department of the Rehabilitation and Reentry Programs Division is committed to promoting an atmosphere, which allows those desiring spiritual wholeness, the necessary conditions for experiencing such. Emphasis is placed on the promotion and encouragement of family ties as well as other positive relationships, which will assist in the reintegration of offenders into society. Through the provision of religious services, one-on-one ministry, counseling and encouragement, offenders are given the capability of coping with the pressures, pain and consequently the reality of daily living. Chaplaincy, at the unit level, is dependent upon offender population and is staffed accordingly. Accommodations for unit Chaplaincy needs are based on such factors as population size and faith orientation. Unit programming is dependent on space and time allotment.

CIRC – Update for July 2010

Bradshaw / Henderson

July 28, 2010 - A preliminary meeting was held at the Bradshaw State Jail with a group of local churches interested in building a multi-purpose building on the unit. Mr. Dunbar, the Chairman and Janice Ulmer, the Coordinator, along with two staff members from Facilities Division, the unit warden, and the unit chaplain met with the members of approximately 8 local churches from the Henderson/Longview area. A copy of the CIRC manual was given to the unit warden and Mr. Kenneth Hale, the group's spokesperson. Ms Ulmer reviewed the major responsibilities of the donor group and how TDCJ personnel would assist them in this project. Warden Shaw escorted the group to the anticipated site of the building which is located in back of the unit. The group has an architect that has drawn up the very preliminary layout of the project.

Eastham Unit / Lovelady

July 28, 2010 - Mr. Dunbar and Ms. Ulmer met on July 8th with a new donor group interested in donating some renovations to the Eastham Gym. There was a representative from a group in Waco and a group from the Woodlands. They have enough money in their budget to do a treatment on the concrete floor, spray insulation in the ceiling, donating 10 ceiling fans and install an A/C & Heating Unit. There will be a future meeting to discuss these donations and the process that needs to take place. Ms. Ulmer will be getting in contact with the donor group to get Model # and specifications on the A/C unit being donated. Also, another meeting will be scheduled with the donor group and CIRC members within the next few weeks.

Jordan Unit / Pampa

July 28, 2010 – The Ground Breaking ceremony was held on June 8th, 2010 and was attended by Bill Pierce, Chaplaincy and Janice Ulmer, CIRC coordinator. Per Ms Elson, the first payment to Plans Builders of \$14,582 has been made and next week men are working on the secondary fencing. The gates are in and next week the plumbers are scheduled to relocate the existing water and sewer lines. The donor group did report that one of the crew did not get approved through the screening process and the company had to hire someone else. They are waiting on his approval so the next phase can be started. There also was some delays due to lots of rain in the area.

Lychner / Humble

July 28, 2010 - No Update

Robertson / Abilene

July 28, 2010 - An e-mail was sent to Chaplain Adkins. No update

Rudd Unit / Brownfield

July 28, 2010 - Per Mack Grant, Project Supervisor with Facilities Division, issues with the 6 hour day vs 8 hour day for working on the unit has been resolved. The next issue is funding. The donor group is at least \$200,000 short as of this date. They had some large donors they are waiting to hear from, but even with the donations, they may not have enough to start construction as soon as they predicted.

San Saba / San Saba

July 28, 2010 - After the CIRC meeting, the following information was received from San Saba's Donor Group, Tim Oskins. After review of the initial elevation/floor plans sent to Warden Pringle, the warden had the following security issues: (1)The main exterior entrance door should not be inset but flush for security reasons; (2) mechanical room has an adjacent storage room, the exterior doors on the mechanical room must have top and bottom dead bolts that can be locked/unlocked only from the outside and reinforce the interior walls of the mechanical room; (3) any rain downspouts must not come down the wall low enough to provide a means of climbing the Chapel wall and obtaining access to the roof; (4) this issue has to do with maintenance. There is a concern that a future water leak problem could occur where the two different levels of room meet.

Torres Unit / Hondo

July 28, 2010 - The letter approving the final plans was emailed on July 20, 2010. With the approval of the plans, the donor group will be getting bids so they may have a more accurate cost of the project. The donor group reports that fund raising is their major activity right now. I did receive a call from a member of the donor group stating that they may be sending in a modification to their plans due to the architect drawings had an electric heating system instead of a gas system.

Woodman State Jail / Gatesville

July 28, 2010 - No Update

CHAPLAINCY

Manager III Marvin Dunbar	Department or Program Head: Bill Pierce and Richard Lopez	Phone #: (936) 437-4965
-------------------------------------	---	-----------------------------------

MISSION

The mission of the Chaplaincy Department of the Texas Department of Criminal Justice (TDCJ) is to positively impact public safety and the reduction of recidivism through the rehabilitation and re-integration of adult felons into society. This is accomplished by the availability of comprehensive pastoral care, by the management of quality programming, and through the promotion of therapeutic religious community activities. It is the purpose of Chaplaincy to provide guidance and nurture to those searching for meaning in life and to those offenders who are in transition. Programs, activities and community participation are prudently managed wherein individuals have an opportunity to pursue religious beliefs, reconcile relationships and strengthen the nuclear family.

AUTHORITY

Administrative Directive: AD 07.30 (rev. 6)

Chaplaincy services shall be provided within TDCJ operated units or contracted facilities in order to serve offenders who desire to practice elements of their religion. It is the policy of TDCJ to extend to offenders of all faiths, reasonable and equitable opportunities to pursue religious beliefs and participate in religious activities and programs that do not endanger the safe, secure and orderly operation of the Agency. Participation in all religious activities and attendance at religious services of worship is strictly voluntary. No employee, contractor or volunteer shall disparage the religious beliefs of any offender or compel any offender to make a change of religious preference. Chaplaincy services shall strive to assist offenders who desire to incorporate religious beliefs and practices into a process for positive change in personal behaviors by offering meaningful, rehabilitative religious programming as an important tool for successful reintegration into society.
