HANDBOOK
FOR VOLUNTEERS

Printed
October 2013
Dear Criminal Justice Volunteer:

Welcome to the Texas Department of Criminal Justice. We are committed to the active recruitment and retention of concerned volunteers with the qualifications and commitment to accept the challenge inherent in a correctional rehabilitative setting.

The goal of our volunteer programs is to assist the agency in achieving a reduced recidivism rate, improving vocational and life skills and changing the attitudes and actions of those who will be released to our communities. By working with our staff, you will become an integral part of our ongoing rehabilitative efforts.

This handbook has been prepared to give you, the volunteer, an overview of the department and to set forth pertinent rules, regulations, and guidelines which must be followed in order to promote public safety. In carrying out your vital role as a volunteer, you will be expected to understand and follow these requirements as well as local rules of operation. Please ask staff for clarification if you have any questions or concerns.

We have found that community citizens, staff, and offenders alike have deeply moving and rewarding experiences through volunteer programming within our agency. We are very grateful for your interest, time, and commitment as we work together for a safer and better Texas.

Sincerely,

Brad Livingston
Executive Director

Our mission is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

The mission of the Texas Department of Criminal Justice is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

Volunteer Services Philosophy:
Our philosophy is to optimize the use of volunteers across divisional lines within the TDCJ to enhance agency efforts by promoting positive social change for offenders, to increase public safety, and to reduce victimization.

The objectives of this handbook are to state the mission of the Texas Department of Criminal Justice (TDCJ); provide an overview of the volunteer program; provide an understanding of TDCJ policy regarding the volunteer program; and to promote an understanding of the dynamics involved with volunteering in a TDCJ facility.

OVERVIEW

The TDCJ has enjoyed a long history of volunteer participation. Program areas in which a volunteer can participate include, but are not limited to:

- literacy and educational programs
- life skills
- job skills
- parent training classes and marriage classes
- drug and alcohol rehabilitation or education programs
- support groups
- arts and crafts
- faith based / religious classes and programs
- mentoring
- other programs designed to assist in the transition between confinement and society and to reduce the incidence of recidivism.
- assist staff with administrative duties
- internship programs
- restorative justice programs

Agency divisions and departments will recruit and partner with volunteers and volunteer groups who:

- come from culturally and socio-economically diverse backgrounds and geographic areas of the state;
- have a positive and continuing influence on the behaviors of offenders, which promote public safety and reduce recidivism;
- share experiences and strengths, provide direction and guidance in assisting offenders to meet their goals and treatment needs, employment opportunities, abstinence from drugs and alcohol, and to reconnect with family and community;
- will join the TDCJ in building a statewide network of volunteers who can provide services to offenders, helping them become responsible and productive members of their communities; and
- will help promote community awareness and involvement while benefiting departments in need of additional resources and assistance.

**AREAS FOR VOLUNTEER SERVICE OPPORTUNITIES**

**Chaplaincy Department** - The chaplaincy volunteer program extends services to offenders of all faiths, who are supervised or incarcerated within a TDCJ-operated or contracted unit/facility, and provides reasonable and equitable opportunities to pursue religious beliefs and participate in religious activities and programs that do not endanger the safe, secure, and orderly operation of the agency. The following is a list of services a volunteer can provide with the chaplaincy volunteer program:

- Specialty Programs
- Rehabilitation Programs
- Spiritual Growth Programs
- Mentoring
- Reentry Programs
- Clerical assistance to staff
- Visitation/Hospitality House
- Family Programming
- Building Projects
- Faith Based Dorms
- Offender Pastoral Visits

**Parole Division** – The Parole Division is responsible for the supervision of offenders released from prison on parole or mandatory supervision. Its mission is to promote public safety and positive offender change through effective supervision, programs and services. The following is a list of services a volunteer can provide with the Parole Division volunteer program:

- AA/NA
- GED
- Parenting Classes
- Adult Basic Education (ABE)
- Substance Abuse Education
- Pre-Employment Classes
- Mentoring
- Anger Management Classes
Sex Offender Rehabilitation Programs (SORP) – The SORP consists of two types of programs.

- Sex Offender Treatment Program (SOTP)
- Sex Offender Education Program (SOEP)

Due to the therapeutic nature of Sex Offender Treatment Programming, and the requirement for treatment providers to possess specific professional licensures, volunteer participation is limited to non-therapeutic related functions such as; life and parenting skills, substance abuse classes to include some classes’ specific to the needs of sex offenders such as a pre-release preparation class and registration procedures for sex offenders in the State of Texas.

Volunteers seeking educational practicum experience could be utilized in:
- Presenting psycho-educational material in conjunction with current staff
- Assist with case management functions under the supervision of qualified staff

Substance Abuse Treatment Program (SATP) - The substance abuse volunteer program offers a variety of recovery groups to offenders such as:

- Alcoholics Anonymous (AA)
- Twelve-Step Programs
- Narcotics Anonymous (NA)
- Cocaine Anonymous (CA)
- Celebrate Recovery
- Partners Program
- Winners’ Circle
- Secular Organization for Sobriety (SOS)

It all began with an AA group over 50 years ago. A Texas prison is the host of the second oldest on-going in-prison AA meeting in the world. It started in the 1940’s at the Huntsville Unit (The Walls) in Huntsville, Texas. There are as many as 1,100 volunteers approved to visit the prisons and to carry the message of recovery to thousands of offenders.

Victim Services – The Victim Services Division (VSD) provides constitutionally and statutorily mandated services to victims of crime, including notification and services provided by the Texas Crime Victims Clearinghouse (TxCVC) and the Victim Offender Mediation Dialogue (VOMD) programs. The VSD Notification section utilizes a confidential database, the Victims Notification System (VNS), to provide registrants with over 80 points of notification regarding several stages of an offender’s incarceration and supervision, if applicable. Automated telephone notifications are also provided to VNS registrants. The VSD notification staff is available during the normal business hours through a toll-free hotline. The TxCVC serves as a central source of information for crime victims, criminal justice professionals and victim service professionals. The TxCVC is mandated to revise the Victim Impact Statement (VIS) after every legislative session and collect VIS statistics from each district and county attorney’s office. In addition, the TxCVC provides training for criminal justice and victim service professionals as well as direct services to crime victims, including execution accompaniment and assistance to victims who serve as panelists for victim impact panels. The VOMD program provides victims and surviving family members of violent crimes an opportunity to initiate a meeting with the offender responsible for their victimization. The volunteer programs available under this division include:

- Victim Impact Panel
- Internship Programs
- Texas Crime Victim Clearinghouse
- Victim-Offender Mediation/Dialogue
- Clerical assistance with Notification and Program staff
- Community Outreach
Due to the possible conflict of interest, those who volunteer with the Victim Services Department cannot volunteer with offender programs

Windham School District (WSD) – The WSD provides a variety of educational programs to eligible offenders within the TDCJ. The programs are designed to meet the unique needs of adult offenders and address the legislatively-mandated goals of reducing recidivism, reducing the cost of confinement, promoting positive behavior during confinement, and increasing offenders’ success in obtaining and maintaining employment. In addition to providing traditional academic and vocational education, WSD also has several life skills, problem solving and behavior oriented educational programs designed to meet the needs of the offender population. Annually, over 75,000 offenders participate in the various educational programs. The WSD primarily seeks regular volunteers to help with academic instruction on a routine basis. Special volunteers typically serve as guest speakers for the life skills programs.

Reentry and Integration Division - Reentry volunteers aid offenders in their return to the community by providing assistance in those errors commonly serving as barriers to successful reentry, including:

- Obtaining proper identification
- Housing
- Employment and education
- Health care
- Substance Abuse
- Transportation
- Clothing, Food and Amenities
- Financial Resources
- Support Services, and
- Other assistance or support as determined by TDCJ-RID to aid in the transition between confinement and society in an attempt to reduce recidivism.

HOW TO BECOME A VOLUNTEER

Individuals who want to participate in the TDCJ volunteer program shall complete an application. The online volunteer application can be found at www.tdcj.state.tx.us → under Quick Links → Volunteer with the TDCJ. Once the application has been processed, the applicant will be sent a letter/email to attend an approved volunteer training/orientation session. Applicants are not considered approved until they attend a volunteer training/orientation session.

THE IMPORTANCE OF VOLUNTEERS

Volunteers play a significant role in the criminal justice setting. Because of their first hand experience and/or devoted interest in their field, volunteers have the ability to gain the attention and respect of offenders.

Volunteers are key players in programs designed for rehabilitation and reentry of offenders into the community. The transition process seeks to produce offenders who are law-abiding citizens with the strengths and skills to successfully manage the problems they will face daily. Volunteers are the role models for this journey and are an invaluable addition to the agency’s limited resources.
“What is the role of a volunteer?”

➢ To provide programs and services in an effort to assist with the agency’s mission to provide public safety, promote positive change in offender behavior, to reintegrate offenders into society and assist victims of crime.

Placement, or facility assignment of volunteers is based on the needs of the institution, needs of the offender population, space availability, existing program schedules, and the proposed volunteer activity. Volunteers must not interfere with the custodial responsibilities of the TDCJ.

PROGRAM PROPOSAL FORM

Volunteers must submit a Proposal Form for Service Providers to the Rehabilitation Programs Division and include any curriculum to be presented. The Proposal Form for Service Providers is available on the TDCJ website at www.tdcj.state.tx.us → under Quick Links → Volunteer With the TDCJ.

RULES OF CONDUCT FOR VOLUNTEERS

Volunteers are subject to sanctions for failure to abide by the TDCJ rules and regulations or failure to perform responsibilities in accordance with the assignment description or expectations. Being a volunteer is a privilege. Breaking the rules can end that privilege.

A. Volunteers shall be respectful of the needs and requirements of each department on the facility. Volunteer activities shall be consistent with sound correctional practices for security and orderly operations. It is important to remember that security always takes precedence. Volunteers should exercise patience when delayed due to security activities. Please remember these procedures are for you, the staff and the offender’s safety. When you are in the facility you should remain in the area designated for the program/activity. If you must leave the designated area let a staff member know where you are going and the purpose. Respect the authority of staff, if you have a disagreement with a staff member discuss this in private not in front of offenders. Be mindful that offenders are observing your actions at all times. Additionally, you may speak to a unit/departmental authority for clarity.

B. Volunteers shall not form a non-professional, personal or emotional relationship with an offender(s). Refer to the section titled: How can you tell if an offender is getting to you

C. Volunteers (excluding employee) may correspond with an offender(s). Victim Services volunteers may only correspond with offenders through the Victim Services Department when performing duties related to their volunteer assignment. Correspondence shall not include:

- or reference personal information such as personal photographs, personal relationships, personal finances
- legal and/or financial advice
- any references that are sexual in nature
- reference to criminal behavior or gang-related information

E. Volunteers shall not mail any items of correspondence for offenders. This includes, but is not limited to, correspondence between offenders, family members, victims, friends, or enemies. **Do not take anything from an offender, or take anything off of a facility without prior permission from the unit/departmental volunteer coordinator.**

F. Volunteers shall not carry/pass messages from offender to offender; the offender’s family; their victims or their victim’s family in written or verbal form. This includes making or accepting personal calls for or from an offender’s family member(s). Volunteers are not allowed to receive telephone calls from offenders. [Exception: Family member or individual with whom a relationship was established prior to incarceration and declared to Volunteer Services.]

**Statutes, court orders and TDCJ policies prohibit offenders from contacting their victim or the victim’s family members directly or indirectly.**

G. No volunteer shall contact the victim of an offender, including a family member who may be the victim. The offender may state that he wants to reconcile with or make it up to the victim. It is the responsibility of the volunteer to notify staff if the offender has made such a request, but the volunteer is not to act on the offender’s request. The victim, if and when he or she chooses to meet with his or her offender, can contact Victim Services to initiate a mediation.

**Many offender family members are victims of their crimes. It is a serious violation to contact an offender’s family.**

H. Volunteers are required to acknowledge on their application if a family member, friend, victim, or enemy is assigned to a TDCJ facility. Volunteers are responsible for reporting immediately to volunteer services at 936-437-3026 when a family member, friend, victim, or enemy becomes incarcerated after the volunteer begins their service.

I. Volunteers are not allowed to serve on a facility where a family member, friend, enemy, or victim is assigned. If, once you arrive on the facility, you discover a family member, friend, enemy, or victim is assigned to that facility, or is later moved to that facility, you must report it in writing immediately to the volunteer authority or a unit/department official.

**DRESS CODE**

J. Volunteers shall dress in a conservative and responsible manner that is appropriate for the volunteer assignment and does not detract from the safety and security of staff, offenders and
the public. Volunteers shall adhere to established grooming standards. Any attire which is of extreme design, revealing in nature, and conveys messages of a derogatory or offensive nature through language, logos or symbols is prohibited. This includes signs or symbols of apparent membership in a Security Threat Group or Gang as evidenced by tattoos or other signs or symbols of membership. Any extreme haircuts, styles or colors are also prohibited.

Items that will not be allowed:

a. jewelry items worn on the facial areas such as earrings/studs in nose, tongue, lips, or eyebrow

f. white shirt and white pants worn together
g. flip-flops or shower shoes (any sandal with the top portion consisting only of a strap that divides the toes)

M. Volunteers shall not accept any personal gifts from offenders or give personal gifts to offenders. If an offender states he needs a religious text such as a Bible, Torah, Quran or other religious text encourage the offender to contact the unit chaplain, do not give an offender anything without prior approval. If you wish to donate religious texts to the agency you may contact the TDCJ Chaplaincy Department.

N. Access to telephone service on a facility will be limited to emergency use only. ZERO TOLERANCE FOR SEXUAL MISCONDUCT

The TDCJ has zero tolerance for sexual misconduct. Volunteers are prohibited from establishing or continuing in personal relationships with offenders, including engaging in, or attempting to engage in, any form of consensual sexual misconduct with offenders or forcing or attempting to force offenders to participate in non-consensual sexual misconduct. Volunteers who violate this policy shall not be allowed to continue to perform services for the agency and may be subject to criminal prosecution. Acts of sexual misconduct include, but are not limited to:

- having sexual contact or sexual intercourse with an offender;
- requiring or intentionally allowing an offender to engage in sexual contact, sexual intercourse or other sexual conduct for any reason (e.g., the sexual gratification of another employee or other individual);
- masturbating in front of an offender;
- making obscene or sexual advances, gestures or comments toward an offender or being receptive to any such advances, gestures or comments made by an offender toward another employee or other individual;
- touching of self in a sexually provocative way to solicit a response from an offender or while located in any area where offenders might be located (e.g., unit, an office when an offender cleaning crew is present);
- conducting any verbal communication of a sexual nature with or within potential hearing range of an offender;
- providing written communication or photographic items of a sexual nature to an offender; or
- influencing or making promises in exchange for sexual favors or because an offender refused to submit to a sexual advance. This includes putting money into or promising to put money into an offender’s trust fund or bringing in or promising to bring in contraband for an offender in exchange for sexual favors.

It is a felony offense and the TDCJ are required by law to report to the proper authorities if anyone at a TDCJ facility, including a volunteer, violates the rights of a person in custody or engages in sexual contact or sexual intercourse with a person in custody. A volunteer with knowledge of any such misconduct, either by personal detection or being confided in by an offender or who witnesses any such misconduct shall be required to report the misconduct immediately to one or more of the following: facility staff, administrator, warden, the
appropriate departmental authority, TDCJ Volunteer Services Department, Office of Inspector General – Investigations Division in Huntsville, TX; or the Prison Rape Elimination Act (PREA) Ombudsman Office in Huntsville, TX.

A volunteer shall not be subject to harassment, retaliation, intimidation or coercion for reporting a personal employee-offender relationship or any incident of sexual misconduct.

“Sexual Abuse” is forcing another person, by violence, threats of violence, or coercion, to perform a sexual act (a sexual act is any intentional contact between the genitals of one person and genitals, mouth, anus, or hands of another person), sexual fondling, or sexual assault with an object, without the effective consent of that person. For the purpose of this manual, the term “sexual abuse” shall also include:

“Sexual Assault” is the contact of any person without their consent, or of a person who is unable to consent or refuse, as described in Texas Penal Code §§ 22.011 and 22.021.

“Sexual Fondling” is the intentional touching either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or buttocks of any person, or of a person who is unable to either consent or refuse, for the purpose of sexual gratification.

“Improper Sexual Activity with a Person in Custody” is the act constituting improper sexual activity by a public servant with a person in custody as described in Texas Penal Code §39.04. For the purpose of this Manual, definition includes staff sexual misconduct.

Sexual abuse does not include the following:

- Custodial or medical personnel gathering physical evidence, or engaged in other legitimate medical treatment, in the course of investigating prison rape.
- The use of a health care provider's hands or fingers or the use of medical devices in the course of appropriate medical treatment unrelated to prison rape.
- The use of a health care provider's hands or fingers and the use of instruments to perform body cavity searches in order to maintain security and safety within the prison or detention facility, provided the search is conducted in a manner consistent with constitutional requirements.
- The use of a correctional officer's hands or fingers for the purpose of legitimate searches.

“Sexual Harassment” is repeated and unwelcome sexual advances, requests for sexual favors, or verbal comments, gestures, or actions of a derogatory or offensive sexual nature by one offender directed toward another;

- Repeated verbal comments or gestures or a sexual nature to an offender by an employee, contractor, or volunteer, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures.

T. Communication with the media by volunteers regarding any TDCJ business shall be approved by the TDCJ Public Information Office and coordinated with the unit/facility volunteer authority prior to contact and dissemination of any information.

U. If a volunteer is required to take a prescription/non-prescription medication while on the facility, it must be taken into the facility in the original container. If the medication causes side effects that may affect the volunteer’s service, a written statement that includes the name of the
prescribed drug, the name of the prescribing physician, and possible side effects must be submitted to the appropriate authority.

V. Volunteers must notify Volunteer Services when there is a change in the volunteer’s name and/or contact information such as address, phone number(s).

W. Volunteers must notify the Volunteer Services within 48 hours if they have been arrested. Your continued status as a volunteer will be determined depending on the circumstances of the arrest. Volunteer Services periodically reviews criminal background checks and if you are found to have not disclosed an arrest within 48 hours you will be removed as a volunteer.

X. Volunteers shall not proselytize or induce someone to convert to one's faith or recruit someone to join one’s party, institution, or cause while serving as a volunteer. Volunteers shall not disparage the faith of any offender, nor deliberately seek to influence a change in any offender's denomination.

Y. Some professions can be considered a conflict of interest, for example, if you are a lawyer please do not solicit clients or give legal advice while you are serving as a volunteer. To maximize your effectiveness as a volunteer, please keep your personal interests separate from your volunteer service.

Z. Volunteers may transport releasees to assist them in searching for work or housing, going to appointments, church or other places consistent with successful reentry. Volunteers shall only transport releasees of the same sex. A good rule of thumb is to ask yourself if the activity is within the mission of your duty as a volunteer. If you have any questions do not hesitate to contact Volunteer Services.

MENTOR SERVICES

Volunteers wishing to receive “additional training” to become a mentor should speak to the unit/department volunteer coordinator. A mentor is a volunteer who meets TDCJ approved mentor criteria and is recommended by unit/department staff. Mentoring is a one-to-one (same gender) relationship that focuses on the rehabilitative needs of the mentored offender, fosters caring and support, encourages personal development, assists in personal visioning, and develops active community partnerships. A husband and wife team may mentor individual offenders if both are present.

Mentoring is a structured and trusting relationship that brings an offender together with an experienced volunteer who offers them guidance, support, and encouragement that is aimed at developing the competence and character of the mentee. A mentor is not a parent, therapist, parole officer or a cool peer.

A copy of the TDCJ Mentor Handbook is available on the TDCJ website www.tdcj.state.tx.us under Quick Links ➔ Volunteer with the TDCJ.

CONTRABAND

Contraband is defined as any item not permitted in the secured perimeter of a unit or in some cases, at any TDCJ facility. It is also any item brought into, or taken out of a facility, or in the possession of an offender, visitor or employee as defined in the Texas Penal Code, Section 38.11, or is prohibited by the rules and regulations of the TDCJ. Contraband includes paper money or coins in the excess of
$25, alcoholic beverages, cigarettes, cigarette lighters, matches or any tobacco products, controlled substances or unauthorized medications, cell phones and any component of a cell phone, pager, or similar personal electronic communication devices, firearms, pocket knives, explosives, escape implements, or dangerous weapons; or correspondence to or from an offender, documents, legal materials and sensitive information not received through authorized channels.

Chapter 38 of the Texas Penal Code was amended to add Section 38.114, making it an offense to provide contraband to an offender in a correctional facility. Anyone who provides contraband to an offender commits the offense of a Class C misdemeanor. Providing certain types of contraband to an offender may be punishable as a felony offense. If an employee of the facility or a volunteer commits this offense, it is a Class B misdemeanor. The TDCJ has a zero tolerance policy towards contraband on its facilities.

Volunteers may be permitted to bring into the facility or be in possession of: a pair of eyeglasses/sunglasses, a clear purse or bag, feminine hygiene products, a small notepad, un-opened beverages in clear plastic (up to 32 oz.), as well as items related to the performance of their service, such as binders, workbooks, folders, books and pens and pencils. Additional items or materials may be brought in with the approval of unit administration.

All items or materials the volunteer will be using during their program/service must be approved and coordinated with the appropriate volunteer authority before entry into the facility.

Volunteers shall not remove any item from the facility without prior approval. Volunteers shall not take out of any institution either letter, message (written or verbal), or any article or thing for an offender.

Everyone entering a TDCJ facility is subject to search. This includes the search of the vehicle, personal belongings, or person, and can include a physical search.

Firearms, or other instruments designed/used as a dangerous weapon or having explosive substance, are not allowed on TDCJ property. The exception is for those persons licensed to carry a handgun under Chapter 411, Subchapter H of the Texas Government Code to possess a handgun on TDCJ property if the un-loaded gun and secure gun and ammunition in the locked trunk of a locked vehicle, or locked compartment if the vehicle does not have a trunk, prior to entering TDCJ property.

Volunteers shall report the possession or trading of contraband between offenders, offenders and staff, and offenders and other volunteers.

Under NO circumstances will volunteers engage in trading or trafficking with offenders. Volunteers are prohibited from possessing, selling to, buying from, or delivering to ANY offender ANY article or commodity of ANY description except through authorized channels.

Offenders spend a lot of idle time thinking of ways to get their hands on contraband. It is important that you are part of the solution to controlling contraband and not part of the problem.

**VOLUNTEER AND PROPERTY SEARCHES**

All volunteers, their vehicles, and property are subject to search upon entering TDCJ property. During a search, volunteers shall:
Remove their jacket, smock, cap/hat, belt, footwear, and any other type of outer apparel. After these items have been removed, the searching officer shall physically search each item and set the items aside, or use the parcel scanner to search the items if one is available;

Remove all items from their pockets. The searching officer shall examine the contents along with all other items in the individual’s possession and then set them aside;

Be thoroughly pat searched by an officer of the same gender;

Be searched using a contraband detection device, such as a handheld or walk-through metal detector; and

Lift their feet so the bottom of each foot can be visually inspected or scanned by the searching officer.

If a volunteer objects to any portion of a search, the searching officer shall discontinue the search and immediately contact a supervisor.

If anything suspicious is noted during a search, a supervisor shall be called to determine whether further investigation is warrant. If further investigation is necessary, the duty warden shall be summoned to determine whether or not the volunteer shall be taken to a private area to resolve the issue.

Any item deemed inappropriate or has the potential to jeopardize the security of the institution shall be confiscated. All seized items classified as contraband of a criminal nature will be immediately turned over to the Office of the Inspector General (OIG).

If suspicious items are not noted during the search, all items shall be returned to the volunteer.

VEHICLE SEARCH

All vehicles on TDCJ property are subject to search. All individuals shall ensure all vehicle doors, windows, and trunks are secured and locked. The beds of trucks shall be free of garden tools, clothes, or anything that could be used as a weapon or aide in an escape. All tools in the bed of the truck shall be secured.

Intoxicating beverages or other contraband items shall not be left in any vehicle parked on TDCJ property.

Tobacco products shall be stored in a locked compartment of a locked vehicle.

EMERGENCY SITUATIONS AND SAFETY

CHEMICAL AGENTS

On occasion the use of chemical agents is necessary to contain, or take control of emergency situations. Staff are trained to handle emergency situations. If you are exposed to chemical agents during an emergency situation, you should follow the following decontamination procedures.
For exposure to Oleoresin Capsicum (OC) gas:
OC is a natural substance made from the oil and resins of peppers. The effects of OC will usually subside in 45 minutes; however, the following procedures will help minimize the effect.

- Exit the effected area, face into the wind or a fan, breath normally, and try to relax.
- **Do not rub eyes or skin.** This will force the substance into soft tissue and prolong the effects.
- Flush eyes and exposed skin with large amounts of cool water.
- Remove and discard contact lenses, if applicable.
- Blow your nose if it is irritated.
- Use a wet paper towel, followed by a dry one, and pat the exposed area to lift the resin.
  Change the paper towel frequently and avoid rubbing the towel over the exposed area. This will only smear the resin to other areas.
- Do not use lotions, salves, or creams on the effected area since this will trap the resin against the skin.
- Do not use commercial eyewashes to flush the eyes. This may cause an adverse chemical reaction with the OC.
- Use soap and shampoo that do not have an oil base to wash the affected area. Start from the head and wash down.
- Once washed, use a cool towel or ice pack on exposed areas to reduce inflammation.
- Avoid direct sunlight and stay in a cool place. An air conditioned room is ideal.
- If major symptoms persist, seek medical attention.

For exposure to Orthochlorbenzalmononitrile (CS) gas:
CS consists of an oily liquid that makes decontamination fairly easy. If exposed to CS gas remain calm, get out of the effected area, and use soapy water to wash exposed skin. Exposed clothing can be washed by normal washing.

HOSTAGE SITUATIONS

The TDCJ policy will not permit offenders, or others, to use hostages (i.e., employees, volunteers, visitors, or other offenders) to escape from custody or otherwise interfere with orderly institutional operations. Hostages will not be recognized for bargaining purposes.

There are no guarantees in a hostage situation; however, research indicates that the following guidelines have proven very helpful.

- Do not be a hero! Accept your position and be prepared to wait. Be patient. Remain calm.
- The first fifteen to forty-five minutes are the most dangerous. **Follow the instructions of your captor. Do not hesitate!** Be cooperative.
- Do not speak unless spoken to and only then when necessary. Be a good listener.
- Try to rest. As soon as things settle down, try to get as much rest as possible without turning your back on your captor. Try to stay in a group if there is more than one hostage.
- Use your mind to create an emotional safe haven.
- Do not make suggestions, express opinions, moralize, threaten, plant ideas or worry out loud. Do not try to be a negotiator.
➢ Do not try to escape unless you are absolutely certain that you will be successful, and even then, rethink it. Consider how your escape attempt will affect the treatment of or outcome for the remaining hostages.
➢ If anyone, including you, needs any special medical attention, inform your captors.
➢ Be observant. Try to remember everything that you see and hear. Memorize things about the captors, their descriptions and conversations.
➢ Do not be argumentative.
➢ Treat the captor like royalty. Don’t turn your back on your captor unless ordered to do so. Do not stare at your captor, as this may unnerve him.
➢ Have a positive attitude.
➢ If you believe a rescue attempt is taking place, or you hear a noise or shooting, hit the floor and stay down. Keep your hands on your head and don’t make any fast moves. Assume the fetal position.
➢ Never doubt that you will be rescued.
➢ When rescue comes, follow all orders given by security staff. You may be asked to remain on the floor until the offender has been apprehended, secured and removed from the area.

**VOLUNTEER SAFETY**

Volunteers are a valuable asset to the TDCJ mission. Your safety is important to the agency.

A. **MOST COMMON ACCIDENT:** Slips, trips and falls are one of the most common sources of injury. Always pay attention to the surface you are walking on and wear low-heeled footwear that is comfortable and in good condition.

B. **UNSAFE CONDITIONS:** Volunteers should learn to recognize unsafe conditions such as frayed electrical wiring, trip hazards, slippery floors, etc., and report them immediately. Unsafe actions such as leaning back in chairs, improper lifting, or not observing warning signs should be identified and discouraged.

C. **CHEMICAL HAZARD COMMUNICATION INFORMATION:** You have a right to know if any chemical substances you come in contact with are hazardous to you. If you have questions regarding chemical substances you may be exposed to, contact the unit volunteer authority.

D. **BLOOD AND BODY FLUIDS PRECAUTIONS:** Because of the potential hazard of contracting Hepatitis B and/or the Human Immunodeficiency Virus (HIV) that are transmitted by blood or other body fluids, you are asked to please refrain from assisting in any situation which may lead to contact with blood and/or body fluids. Please notify staff in case of emergency.

E. **FIRE:** Fire escape plans are posted in all areas of the facility. Locate them and become familiar with the escape route(s) and emergency phone numbers.
   ➢ In the event of fire, remove yourself and others from the areas and follow the posted escape route.
   ➢ Pull the fire alarm nearest the emergency, if one is available.
   ➢ Call the emergency phone number.
   ➢ Follow staff orders.

**OFFENDER MANIPULATION**

Volunteers understandably want to approach their volunteer service in a positive and optimistic manner. Volunteers must be aware that some offenders will attempt to manipulate the volunteer for
their own benefit. The following are suggestions to help you reduce the chance of being manipulated:

- Realize that some offenders will take advantage of you if you let them.
- Do not do anything you would be ashamed to share with the unit/departmental volunteer authority.
- Keep everything out in the open. If an offender’s actions are questionable, ask for advice and assistance.
- Know the policies and procedures you are required to follow. Ask for help to review and understand these policies and procedures.
- Learn to be assertive and use the word “NO” appropriately.
- Be aware of verbal and non-verbal messages you send out, particularly body language.
- Always report and document any attempt at manipulation or game-playing.
- Confront manipulative behavior and take action as the issues arise. Verify information before you take action.
- Know your personal goals and ethical limitations.
- Understand your value system.
- Understand your strengths and weaknesses.
- Be firm, fair, and consistent.
- Realize that offenders view themselves as the victim.
- Realize that when an offender is told “maybe”, they often regard it as a promise.

**HOW CAN YOU TELL IF AN OFFENDER IS “GETTING” TO YOU?**

- You feel anger towards the system and see yourself as an advocate for the offender. You should maintain an emotional detachment.
- You are usually irritated at the staff to the exclusion of considering that there may be valid reasons for delays. You presume that a delay is caused by staff, and do not consider that an offender may be responsible for the delay.
- You begin favoring an offender, or some offenders, over others and show it by spending more time with them or by sharing personal information with some, but not others.
- You begin to enjoy hearing stories of how other volunteers or staff are awful and you are wonderful.
- You feel good because offenders like you.
- You begin to think about bending a rule for an offender, or you do bend a rule for an offender.
- You feel a strong sense of pity for offenders, often to the point of wanting to rescue them from the natural consequences of their actions.
- You feel superior to other volunteers and have an inflated view of what impact you can have on an offender.
You fail to report questionable behavior or requests because you do not want to get an offender into trouble.

You unquestionably believe stories about cruel officers and find yourself buying into the “gossip”.

Offenders begin emphasizing common interests. For example, an offender may engage you in a long conversation about what you like, dislike or other personal matters. Be aware of personal probing to see where you stand. There may be an ulterior motive behind this behavior.

Offenders begin soliciting empathy or sympathy. Offenders will tell you truthfully and sometimes untruthfully about the many problems that they have, such as a sick child, a dying mother, bankruptcy problems, etc.

Offenders exhibit the we/they syndrome. Offenders will try to pit you and them against the system, especially if they can determine that someone or some organization has treated you unfairly. They will point out a similar thing has happened to them and try to establish a commonality. Try to recognize this so you can make a response that promotes personal accountability.

Offenders begin testing your limits. Offenders will ask for certain things, some of which may be acceptable and others which may be illegal, to see what you will allow them to do. Offenders will break minor rules to see how you react. Report all infractions.

The offender will suddenly offer favors, do extra work, be excessively nice and/or overly complimentary.

Offenders offer comments such as, “You’re the only one who understands.” “You’re the best teacher, preacher, counselor, etc. they have ever had.” “You’re the only one who can help.”

If you begin to identify with ANY of the above examples contact the unit/department coordinator or volunteer services immediately for assistance.

BECOME A SKILLED VOLUNTEER

The following is provided to assist you in becoming an effective and skilled volunteer.

✓ Practice active listening skills when dealing with offenders.
✓ Ensure you have time; do not act as if you are in a hurry.
✓ Do not act as if you want to help and then provide none. Offenders are good at detecting a lack of sincerity; it is one of their common traits.
✓ Know your physical, emotional, and personal boundaries when working with offenders.
✓ Set your boundaries. A prevalent downfall of volunteers is inappropriate relationships with offenders.
✓ Have a positive affect on the offenders you are working with. Encourage them to share feelings and become more open. Empower them to have self-direction, independence, autonomy, personal growth, and self-development.
✓ Do not take the offender’s side against the agency. They will use manipulation and deceit to try and turn you towards them.
✓ Do not undermine staff. If your group gets interrupted for count, sit patiently and wait for the officer to perform their duties. You are there to support staff in the agency's mission and you are a guest. If offenders see an inappropriate attitude on your part they will use this to further manipulate the situation to their advantage.

✓ Do not make plans with offenders before coordinating things with the appropriate volunteer authority. This will increase your effectiveness by not having to change plans if something you propose is not in accordance with regulations or policies.

✓ There is no need to establish a facade or to create some kind of special status for yourself in relation to the offender. Express your feelings genuinely. An honest and unmasked expression of feelings is one important way for the volunteer to show concern.

✓ Review what you know of the offender you will meet.

✓ Never make a promise unless you've thought it through first and are prepared to carry it out. The offender will test you, call your bluff, and see if you will deliver. This is an important part of the offender's learning to trust you.

✓ Be honest and objective, disapproving when it is warranted, as well as praising, supporting, and encouraging when it is warranted.

✓ There is a mechanism in place for offenders to receive what they need and are lawfully entitled to. If they ask for something, you can assist within the appropriate mechanism. If no mechanism exists, it is probably illegal.

✓ Be familiar with signs/triggers of the relapse process and who to contact for assistance.

✓ Respect is the keystone. The offender will not be open with you until respect and a rapport is developed. Conversely, you must respect the offender's individuality and basic rights as a human being. There is no room for narrow prejudices or feelings of superiority. Respond to the offender's needs and interests, not to your own.

✓ Let the offender tell you in their own good time about the offense committed, the family left behind or any other deeply held guilt-associated matters. Accept him or her as an individual who is no better or no worse than anyone else. To pigeonhole or categorize a person is, in a way, to dehumanize the person.

✓ Do not expect overnight miracles. When things have been going wrong for years and years with a person, these things cannot be corrected in a few weeks or months. The positive effects of your relationship with the offender may not have a decisive effect until long after you've stopped working with the person.

✓ The offender will never respect you until it is clear that you cannot be conned or manipulated. The offender's manipulations may be expressed in a request for you to influence correctional officers, for a witness, or for you to bring something in or out of the institution. Never give out your home address or phone number. Never deposit money in an offender's account. If the offender asks you to do something which you consider "borderline," say that you will check to see if it is all right. Then ask the appropriate official.

✓ There will be a time when the offender, overwhelmed by troubles, will confront you with hostility. At such times, do not force conversation upon the offender and above all, do not respond in a hostile, sarcastic, or anxious manner. Do not act shocked. Retain your composure, ignore the hostility, or withdraw for awhile. Chances are that the offender will regain their composure.

✓ Remember that every contact with an offender has the potential for aggression. Delay, interrupt, stop or terminate the contact if you feel it is necessary.
✓ You cannot take the burden of the other person’s problems on yourself. They are the offender’s problems, not yours.

✓ You may not receive thanks or any show of gratitude from the offender. They may feel it but may not know how to express it and may actually feel embarrassed by it. You may never hear “thank you” but your effort will be, in the long run, appreciated.

✓ Be familiar with criminal thinking errors and ways to redirect that thinking. It is how we think that determines how we behave. When dealing with the offender population, there are criminal patterns or thinking errors that must be acknowledged and changed before significant, long lasting change can be made.

✓ Get offenders to ask questions of themselves such as:
  • Did I do anything to bring about or cause this situation?
  • Did I respond to a situation and make it better or worse?
  • Does blaming someone or something else make the situation better?

VOLUNTEER INDEMNIFICATION/REPRESENTATION

In the event that a volunteer is sued as a result of performing services as a volunteer/intern, the State of Texas will not indemnify the volunteer and will not provide a defense for such litigation.

VOLUNTEER TRAINING

Volunteers are required to participate in a refresher volunteer training session every two years. There is online refresher training at www.tdcj.state.tx.us → under Quick Links → Volunteer With the TDCJ, volunteers are permitted to take the online refresher training every other training. It is the responsibility of the volunteer to maintain this training requirement. Failure to do so will impact your volunteer status. You may contact Volunteer Services or the appropriate volunteer authority on the facility you serve to determine if it is time to retrain. You may request a training schedule from Volunteer Services.

VOLUNTEER PROGRAM ASSESSMENTS/COMPLAINTS

Volunteers should report complaints or concerns directly to the unit volunteer authority. If the issue cannot be resolved at the facility level, contact Volunteer Services or the appropriate divisional authority such as the Parole Division for parole volunteer program concerns.

Volunteers may provide input or submit suggestions regarding the volunteer program and/or their experience as a volunteer. Volunteers may request a Volunteer Program Assessment/Suggestion form from their unit/departmental volunteer coordinator. The form should be submitted to Volunteer Services.

CONFIDENTIALITY

All approved volunteers shall agree in writing by signing the Volunteer Training/Orientation form to abide by agency policies relating to security and confidentiality of all records and information, both written and verbal, which pertains to employees, offenders, and releasees. A volunteer may have access to confidential information on an as needed basis and as approved by the appropriate department and applicable facility administrator or their designee. Approved volunteers that are granted access to the TDCJ data (e.g., mainframe system) will be required to be fingerprinted. Failure of the volunteer to
maintain confidentiality as stated may incur a penalty for disclosure of such information, i.e., criminal prosecution or civil suit.
